

School-year Tutoring Availability

St. Margaret's version; updated March 28, 2020

Below are the starting times I currently have available for tutoring. These are the times available for 1-hour, ongoing sessions (not one-offs) during the SMES closure.

Note this is all subject to change; people often swap around to accommodate changes in sports and other activities. I try to update this list every time my schedule changes.

After-school Available Hours

Sundays

Full

Mondays

After school: 5:20

Tuesdays

After school: *Full*

Wednesdays

After school: *Full*

Thursdays

After school: *Full*

Fridays

Saturdays

Full

These times are for math, science, and computer programming. Barbara keeps a separate calendar for **writing, English, and history** tutoring.

If you are interested in help with writing or history, contact Barbara at:

Floating

If none of the above times work for your schedule, you can instead "float"—come during times that open up through a cancellation—until a permanent time becomes available. I will text you whenever an appropriate slot becomes free and you can opt to take that time or wait for another.

I have about a 20% cancellation rate, so most floaters are able to see me every week.

School-Day Available Blocks

Below are the blocks available for tutoring. Note that you will need to select a block for each of the three schedules: Crimson, Blue, and Plaid.

Also note this is all subject to change; I try to update this list every time my schedule changes.
